## THE A.O.U.W. ENTERTAINMENT.

The committee who had in charge the carrying out this entertainment are to be congratulated on the successful issue from a musical and literary standpoint, and we understand financially as well.

The feeling of some is that amateurs should not be subject to criticism; but we do not think so, believing a moderate amount will—if taken in the proper spirit—have a tendency to raise the standard of our amateur concerts as well as encourage those taking part to seek to improve their powers of execution. We hope those who took part will agree with us and accept in the same spirit as we offer.

The first item was Dr. Jardine's address, expressing briefly the working and success of the Order.

The "Hunting Chorus" was fairly well rendered, but was not remarkable for its beauty of harmony.

Miss Hill's recitation, "The Whistling Regiment," although difficult, was well rendered and very much appreciated by the audience.

"The Instrumental Trio" certainly wanted practice on the part of Mr. Way and Mr. McKay, but an appreciative audience overlooked any little defect. We hope this trio will continue their practice and give us some more of their music at our entertainments. It is a very agreeable change.

Const. Oakden brought down the house with his first song. His reply to the encore awarded was a laugh, which in our opinion wanted something to produce the desired effect.

Mr. Pavier, whose name appeared on both parts of the programme, was not all that was expected. While his selections were good and he has a good voice he has not yet found the way to use it to the best advantage.

Miss McGregor surprised herself. We have never before heard her do so well. She was enthusiastically cheered, but did not respond.

Mrs. Rochester's instrumental as well as Mr. Johnson's solo were happily selected and well rendered. In our opinion Mr. Johnson never sang better.

Dr. Jardine gave a humorous reading, which formed a queer conglomeration when we consider the doctor's sedate bearing and ministerial tone. Doctor confine yourself to anything else but comic; it does not fit.

Mrs. Mack's first song was pleasantly given and as well expressed. Her encore was a much better selection, and very well rendered. She has a voice of considerable compass and power. Her return is quite an acquisition to the musical circle.

Mr. St. Louis gave a couple of cornet solos which showed his power of execution on that instrument to be first-class, but please do not play so loud in such a small hall Mr. St. Louis.

Sergt. Parker was unfortunate in the selection of an accompaniment, he not being able to play in K flat. Any accompanist should be able to play in that key. Songs of this stamp require considerable color before they can be appreciated.

The "Skating Glen" was well rendered, and is a very pretty chorus.

Now a word to the audience. There was a great deal of walking back and forth in the body of the hall during the evening, which was annoying to the performers as well as to those who wished to listen. There was also considerable noise at the back of the hall by big

and little boys, which showed a want of common sense. It is not a mark of gentility to stamp your feet while the performance is being carried out, although certain portions of it may not please you.

## HAPPINESS.

Happiness often consists in reading a good paper, one that leaves a pleasant taste in the mouth, one that you can rise up from perusing with the knowledge that you have gained something of permanent advantage. There are papers which do not give this happiness, but which, while exciting for the moment, result in permanent evil, although the immediate effect at the moment may not be apparent. The Montreal Witness is a paper of the former class. It is good; it does good. The Weekly edition is sent to subscribers for one dollar a year, the Daily for three dollars, and the Northern Messenger, a paper for the younger members of the family particularly and for Sunday Schools, for thirty cents a year.

The subscribers of THE TIMES can have it and the Montreal DAILY WITNESS for \$3 50, THE TIMES and the WEEKLY WITNESS for \$2 25, and the MESSENGER with either of them for 25 cents extra.

## WINNIPEG INDUSTRIAL EXHIBITION.

Sir—The Directors of the Winnipeg Industrial Exhibition Association are anxious that farmers should be acquainted with the fact that the following resolution was unanimously passed at the last meeting of the Directorate:

Resolved—That in the opinion of the Board of Directors, the Exhibition for the year 1892 should be held in the month of July, and we recommend that date to our successors in office.

The consensus of opinion seems to be in favor of holding the Exhibition for 1892 in the month of July.

Large prizes will undoubtedly be offered for grain (of 1891 crop,) and it would be well if intending exhibitors will carefully select and preserve sufficient quantities of their best grain of all kinds for competition.

The Directors are pleased to say that the Canadian Pacific Railway Company have agreed to offer the same passenger and freight rates as prevailed last year for passengers at a single fare for the round trip to points taking now a \$4 ticket, and one cent per mile, each way, for distances beyond. Exhibits of all kinds will be carried free, both ways, if they do not change hands. The other railroads will no doubt grant the same rates.

The annual meeting of the shareholders will be held on the 14th January, when the date for holding the Exhibition will be definitely decided.

Please give the greatest publicity possible to the contents of this circular.

Your obedient servants,  
A. MACDONALD, Pres't.  
C. N. BELL, Sec. Treas.

Mr. Alex. Stansfield, of Red Deer Hill, who has been away prospecting through the Rockies and British Columbia for the last couple of years, returned home by Saturday evening's train. Mr. Stansfield is looking nothing the worse of his extended trip.

L. R. St. Louis, the popular manager of the Massey Harris Co.'s interests in Saskatchewan, left for Ontario Monday morning. Mr. St. Louis will visit Teeswater, during his absence, and we believe he will bring one of its fairest daughters with him back to Prince Albert.

**CHRISTMAS.**

Christmas, the 25th December, is the day on which the nativity of Christ is celebrated. In all civilized countries the annual recurrence of Christmas has been celebrated with festivities of various kinds. Christmas eve and a visit from the celebrated "Santa Claus" are looked forward to with great delight by the children. Christmas trees laden with presents of various kinds also form great enjoyment for the little folks. It is a day of rejoicing throughout the land. Service is held in the churches in the forenoon. The afternoon and evening are given to visiting, sleigh riding, and merry-making in general. We heartily join in the universal salutation by wishing our many readers a very Merry Christmas.

**THE ASSEMBLY.**

Our Territorial Legislators are again at work, and while past legislation has in most cases been satisfactory, and much progress in the way of territorial development has been made during the past three years, to-day the country is face to face with some serious problems, and people will look with more interest than ever to the work which will be undertaken during the present session. Immigration, schools, agricultural and liquor laws, each demand and will no doubt receive the serious attention of the members. In the matter of education they will be wise in avoiding any hasty legislation. Our reports show that a strong committee has been named to look after this important question. Nearly all admit that the present system is much too cumbersome and expensive, and that changes, to a certain extent radical, are urgently needed. Anxiety on the part of members to finish their labors should not induce the committee to make their report, on which a new bill may be introduced, until such time as a most careful study of the whole question has been made. From many parts of the coun-

try the suggestion comes that past actions demonstrate that the Board of Education has outlived its usefulness, and that a superintendent of education has become a necessity. Attention is also called to the system of paying grants which has in the past opened the way to serious frauds. This should receive such attention as will put a stop to suspicious conduct on the part of some districts and materially aid those taxpayers who have never hesitated in assisting towards keeping our schools up to a high standard. The active local work done in the past by Messrs. Betts and McKay in the interest of immigration will satisfy all who take an interest in the question that the utmost liberality in the appropriation of funds will be demanded when immigration matters come before the House. Already the sound has been heard, and before many days active legislation in connection with liquor may be looked for. This difficult problem should be handled with the greatest care, and above all it is one that no longer admits of any half way measures being adopted. Many sound temperance people throughout the Territories believe that if liquor in any form is to be admitted into the country a rigorous license law should be at once enacted and provision made for an equally vigorous enforcement of its provisions. Altogether, useful and interesting discussions may be expected in Regina during the next few weeks. It is a satisfaction to know that men equal to the occasion have been selected from every district in this part of the country.

**THE SCHOOL ORDINANCE.**

A resolution proposed by Mr. Tweed, M.L.A., of Medicine Hat, and seconded by Mr. Dill, M.L.A., the new member for Wolsely, requesting His Honor the Lieutenant-Governor to pay forthwith the school grants which were due on the 30th September, was carried unanimously in the Assembly at Regina last week. The resolution was a wise one, and no doubt the Lieutenant-Governor will act upon it. The question of a re-arrangement of the basis upon which the school grants are made will also receive the attention of the new Assembly. A committee consisting of Messrs. Betts, Tweed, Oliver, Mowat, Dill, Page and Prince, was appointed for the purpose of inquiring into, and revising the present system of administration of educational affairs in the Territories. Mr. Mowat, M.L.A., the new member for Regina, has already given notice that he would introduce a Bill to amend the School Ordinance.

Messrs. Betts, McKay and Meyers were sworn in and took their places in the House on Friday.

We understand that an anonymous correspondent has sent complaints against the management of Emmanuel College to the Supt.-General of Indian Affairs. If the complainant will tell our member where public money is being mispent it will be his duty to investigate the matter.

Mr. Betts, seconded by Mr. Reaman, moved on Wednesday last that William Sutherland be Deputy Speaker of the House. After a short debate, the motion carried. This is the best possible evidence that the members of last session are wearing away. Both Messrs. Betts and Reaman were members of the old minority. It is satisfactory to know that they have regained the ear of the Assembly.

We are pleased to notice that Mr. Betts has taken early action towards securing an amendment to the present iniquitous poison ordinance. We hope the Assembly will see the wisdom of accepting his Bill and do away with a law that so seriously affects the farmers of Saskatchewan as this ordinance in its present shape certainly does.

MONDAY, Dec. 14th.

A message was read setting forth that in conformity with the provisions of the law in that behalf, the following appointments had been placed at the disposal of the Assembly, subject however to deductions for the payment of liabilities already incurred:

Travelling expenses of officials, \$2,000; Cost of Elections, \$10,000; Stationery, etc., \$2,000; Newspapers, \$300; Management of a well-boring machine, \$1,000; Schools, less \$2,000 for schools in current territory, \$21,000; Roads and Bridges, \$50,000; Printing and advertising, translating, etc., \$7,000; Publication of J.P.'s returns, \$1,000; Books for Library, \$1,000.

The petition of the people of Calgary was again presented by Mr. Cayley, in presentation on Friday having been informal. The several motions of which notice had been given were, with the exception of Mr. Cayley's, allowed to stand over. Some of them had been referred to various committees and the details of others were not ready.

Mr. Cayley moved, seconded by Mr. Haultain—that a committee composed of Messrs. Clinkskill, Noll, Tweed, Haultain and Cayley be appointed to prepare and bring in a Bill respecting the sale of intoxicating liquor and the issue of licenses therefor. He explained that all who supported his motion would be committed to the principle of license.

Mr. Oliver was glad to find that his friend the mover was on the local option platform with himself. He (Mr. Oliver) did not think that the mere voting for this motion committed one to the principle, but if this was really the case great care should be taken that hon. members did not place themselves in false positions. He had prepared an amendment which he would move now if necessary, although it was not his intention to introduce it at this stage.

Mr. Speaker ruled that the amendment must be presented at once.

Mr. Oliver then moved his amendment seconded by Mr. Dill.

Mr. Mowat moved, seconded by Mr. Campbell, that the debate be now adjourned.

Mr. Haultain thought the House was anticipating a time when the question might be more properly discussed. He differed from the mover (Mr. Cayley) in respect to responsibility which the support of his motion involved.

Dr. Brett did not think the motion of the member for Calgary was properly introduced. The manner of its introduction was well calculated to raise this discussion. It gave the committee distinct authority to bring in a Bill to regulate the sale of liquors and the granting of licenses, and to his mind if he voted for it he would be fully committed to the principle of license.

Mr. Haultain using a second time said he knew his doing so was not in order but he simply wished to say that there was not the least doubt that a liquor license Bill would be brought before the House.

Mr. Betts thought it unfortunate that this discussion had arisen. Surely no one could come here without making his views on this question fully known. His people knew what he was there for. He was there to assist in bringing in a license law and he thought the best interests would be served by allowing the motion of the member for Calgary to carry. He believed it would materially hasten the legislation in respect to the question but he did not consider himself bound in the least to the Bill which the committee might introduce.

Mr. Cayley arose to speak to the motion for a adjournment. It was evident that a misunderstanding existed. Some wanted to discuss the question abstractly in the debating society way and to afterwards indulge in a little legislation. But it was fortunate that all the members were not of that disposition. The country and the House wanted a suitable license enactment and the sooner it was undertaken in a practical manner the better. He supported the motion to adjourn.

A adjournment carried. On the reading of the Order of the Day for the consideration of the Speech delivered by the Lieutenant Governor at the House in 1891, seconded by the member for Medicine Hat, that Messrs. Cayley, Oliver, Noll, Mowat, and McKay be a committee to draft a suitable reply. Carried.

Mr. Reaman gave notice that the House do now adjourn. Carried.

TUESDAY, Dec. 15th.

A message from His Honor the Lieutenant Governor, transmitting certain correspondence with the Minister of Justice relative to the respective powers of the Lieutenant Governor and the Assembly, and announcing that His Honor would not appoint an Advisory Council unless the House thought it necessary, when he would be pleased to accede to their wish was received with cheers.

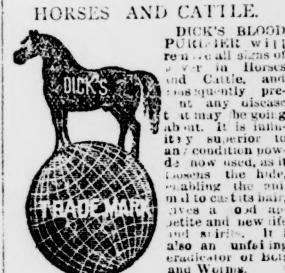

Mr. Lineham reported from the committee on Immigration the following resolution—That in our opinion the granting of C. P. R. to immigration agents has produced in the past, good results and that we respectfully request that such passes be again granted. He moved the adoption of this report.

Mr. McKay—Mr. Speaker, I beg leave to second this motion. Carried.

Mr. Mowat resumed the debate on the liquor question, followed by several members after which Mr. Oliver's amendment was put to the House and lost by Yeas 15, Nays 9. The motion carried by Yeas 17, Nays 7.

House adjourned.

Mr. Cann, of the Post Office Book Store, has issued two beautiful calendars for 1892, sample copies of which have been handed to us. Both calendars are of handsome design and got up in a most artistic manner. They make both a handsome and useful gift.

I was thinking, I was thinking, there is a lot of thinking going on just now—where they can buy Xmas presents cheapest. T. O. Davis' is the place, we couldn't think so we are sure of it.

The *Western World* for December is to hand, and as usual, filled with interesting and instructive reading matter. In looking over its pages we find it contains two articles particularly relating to the Territories and the Prince Albert district. The first is by Mr. C. Mair, who deals with the Territories in general, while the second one is by Mr. W. R. Gunn, who confines himself to the town and district of Prince Albert. Both articles are well worth a perusal. The January number of the *World* will be devoted almost exclusively to the Prince Albert district, and judging from what we know of this publication, we advise all interested in the district to secure copies and help spread them around where they will do the most good.

On Monday next nominations for our Town Council for 1892 take place at the town hall. We hope to see but few changes made in its make up, and the fewer the better. The electors can not do better than return the old members, as nearly as possible in a body. They would be in a better position to continue and complete the work commenced than any other body of men we can send there. Think it over, gentlemen, and act accordingly.

The committee in charge of arranging for the two entertainments to be given in St. John's Hall Monday and Tuesday evenings next have completed their labors, and everything is in readiness. Rehearsals and practices without number have been held, and we can now safely say that the public are assured of two of the most enjoyable evenings ever spent in the town. The prices of admission have been placed at a low figure so that everyone may have an opportunity of hearing and witnessing these two entertainments.

We have received a copy of the handsomely illustrated prospectus for 1892 issued by the *Detroit Free Press*. The achievements of this famous paper in the past have been great, but if its promises for the future are to be fulfilled—and there certainly is no reason to expect the contrary—the *Detroit Free Press* will in 1892 be, as its publishers confidently claim, the most entertaining and instructive paper published, giving additional pleasures to its thousands of old subscribers and fresh enjoyment to the many thousands new ones that its merits deserve. Its list of contributors for 1892 includes many of the most famous names in American literary and public life, and most of the articles to be published are of unusual importance and interest, presenting a splendid array of valuable features in addition to the inimitable work done by its own staff of bright and famous writers. The publishers of the *Free Press* will mail copies of the paper and prospectus to all applicants.

## "German Syrup"

We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

Bo. L. Winters, of Alma, Neb., I give it to my children when troubled with Croup and never saw any preparation act like it. It is simply miraculous.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs.
